Website Management Testimonials

"Emily Journey has managed our website for 3 years and at least 80% of our business has come from the website they developed and manage for us. We've tried print, radio and online ads, but nothing compares to a website that is functional, well designed, and at the top of the list. She knows how to do this and the web site is the single biggest reason we have grown from 3 planes to six planes in just two years."

Pat Rooney, Owner, Sundowner Aviation

"In the past few years we have used Emily's team for our social media needs at the Hickory House Restaurant in Gahanna, Ohio. Their work is impeccable. They are quick to respond to our needs and requests. The most valuable part of their efforts are their communication as far as promotion, review response, and providing analytical data for us to review."

James Torchia, Owner, Hickory House

"Emily Journey and Associates are the "Real Deal" when it comes to website management and SEO. We previously tried numerous other firms – our website was a hodge-podge of hard coding, and over 39 plugins. It was impossible for us to maintain the websites by ourselves. Emily and the team are committed to removing the curtain hiding the "Wizard of Oz" and to empowering companies to take back their website and marketing."

David Jablow, Founding Partner, EZShelf and BrillSeat

"My website manager Eve continues to provide me with superb support and is constantly on the look for things that would help me and my business. Just the other day she sent me the information of a one hour webinar on digital marketing planning. She's fantastic."

Catalina Reasoner, Celistial Art

"I really appreciate you helping me out. You are the best person that has ever worked on my site -thank you."

Jeremy Reeves, Vice President, Reeves Plumbing & Heating, Inc.

"Rachel does a terrific job managing our Capital List web site! Not only does she provide extraordinary service but she also does a great job on coaching you about how to improve traffic. We've had several web sites over the years and Rachel has been the very best person to work with on this vital part of our business."

Sam Watkins, Partner, Capital List

"I've been working with Emily Journey & Associates for about six years now. We couldn't be more satisfied with the results. I always trust that the website is in very good hands. The results have been consistent. Emily and her staff are accessible, knowledgeable, friendly and highly responsive. Year after year, they've continued to exceed our expectations. I highly recommend their services."
